Instructions

- Cut and Score all the cardstock, see template on pg 4 for scoring and cutting the triangle pieces pattern.
- Fold your card base and line up half your template to the top left corner and score it with your stylus on your Take Your Pick. You can also mark it and use the paper trimmer or simply scored board. Flip and do this again to score the other side. Use your bone folder to get a good burnish on the fold.
- Cut the DSP and Old Olive Cardstock with a the template. You may need to trim off 1/8" or so to line it up correctly.
- Attach the cut DSP to the Old Olive and the Old Olive to the Mossy Meadow base. Set the card base aside.
- Attach the 4" x 4" DSP to the 4-1/4" x 5-1/2" Mossy Meadow base. Attach the 1-7/8" x 4-7/8" DSP to the 2"x 5" Old Olive. Punch a whole in the top of the 2" bookmark to thread ribbon through.
- Stamp the pot and tall rabbit in Memento Tuxedo Black on the basic white and on Masking Paper (you can use post it notes if you don't have any masking paper). Fussy cut out the pot and and the rabbit from the masking paper.
- Cover the original images with the masking paper and stamp another pot on top of the first one and the brick wall over the rabbit. Remove the masking paper and those are ready for coloring.
- Stamp Happiest Birthday in Misty Moonlight (no idea why I used that one) on a scrap piece of white and "To You" on a 2-1/4" circle.
- Color in the rabbit and the pots with Watercolor Pencils. I added a little blue behind the rabbit for a sky.
- Cut a frame from Mossy Meadow cardstock, use the center of the frame to cut the rabbit out as well. Fussy cut the sentiment and the pots.
- Paint Copper Metallic Effects over the frame and let it dry. Punch a 2-3/8" circle from Mossy Meadow and a 2-1/4" circle from the DPS and then glued the frame and the rabbit to that.
- I used a couple of the pre cut images from the DSP pack to add a little extra to the pots and to the circles for the inside. The little bunny reading a book should go on the bottom of the pots on the bookmark.
- Take that Petal Pink ribbon and die it Mossy Meadow with the Stampin Blends.
- Attach the carrots (fussy cut from the DSP) to the back of the Happiest Birthday and attach the ribbon behind all that with glue dots or Stampin' Seal+.
- Attach the circle with "TO YOU" to the left corner and the blank one to the right center.
- Attach the frame to the front - only glueing the bottom half that attaches to the DSP. Attach the stack of pots to the bookmark.
- Attach the 4-1/4" x 5-1/2" Mossy Meadow to the back side of the card only glueing the sides and bottom. You want to leave a pocket for the bookmark.
- Add on some Antique Pearls and your all done!
