- Attach the DSP to the bases: Only use the 3 center sections on the tower (large) pieces.
- Glue the end of one small cardstock to the other one:
- Attach the ends together to create 2 boxes.
- Fold the tower pieces and glue the tabs on the inside.
- Attach the boxes to the top and bottom of the tower pieces - I have the towers set in the center of the sides - I will try to get a video up but check out Mixed Up Craft - Sam has a wonderful video.
- Now create you sentiments, cut your decorations! I am using Tags of Thanks and She's the Best stamp sets along with Beautiful Butterflies for my sentiments and decorations.
- I attached the butterflies on the towers and and the boxes - bars.... Top and bottom pieces - and the sentiment and blank circle to the backside of the large card.
- Add on some bling and that's all there is!
