Peaceful Shutter Flip Vertical Card

Instructions

- Cut all the paper to the size needed.
- Score the 3 1-7/8" x 4" Secret Sea Cardstock panels at 3/8" on 3 sides - See Scoring and Cutting Photo Below
- I recommend you cut the 1-1/4" x 3" panels at one larger panel - 3" x 3-3/4" - this will make creating your card front images for this card much easier
- Stamp the Peaceful View Stamp on both the 4" and 4-1/4" Secret Sea Panels with VersaMark and sprinkle with White embossing powder.
- Use your Heat Tool to set the embossing powder and set them aside.
- Stamp another Peaceful View onto one of the 3" x 3-1/4" thick white cardstock panels with Memento Tuxedo Back and another partial image on the left side of the 4" x 5-1/4" piece (use second or third generation on that)
- On the second panel stamp the boy fishing in Tuxedo Black and again onto a piece of masking paper or post it note - fussy cut that out and cover the boy.
- Stamp the pier over the boy also in Tuxedo Black ink.
- Leaving the boy covered, add masking paper or post it notes to cover the dock and water.
- Using blending brushes create a sunset on both of the stamped panels. In order from bottom to top: Darling Duckling, Timid Tiger, Strawberry Slush and Balmy Blue Classic Stampin' Pads. Blend the colors together as you go up to give even more color contrast.
- Pull off the masks on from the pier and the boy - gently I have torn the paper before removing the masks -Color the rest of the images in with Watercolor Pencil Assortment Pack 1 & 2 and a blender pen.
- On a scrap piece of white stamp your sentiment in Secret Sea. Mine is approximately 1/2" x 2" ..

Peaceful Shutter Flip Vertical Card

Instructions Continued

- Cut the 1-7/8" pieces as you see in the photo below.
- Attach those to the 4" x 4-3/4" Secret Sea with liquid glue. To line them up, butt the edges next to each other but lift the top and bottom tabs from the previous piece. See Layout Photo below
- Cut the 3" x 3-3/4" decorated white panels down to 1-1/4" x 3" - you should get 3 separate panels per piece for a total of 6 panels.
- Attach the panels to the the proper flap - remember what direction you want it to flip and check orientation of images before attaching.
- Grab the embossed 4" x 4-1/4" panel and cut that to 1-3/8" strips with a 3/8" strip at the bottom - Keep the little piece!
- Attach those in between the flaps covering the fold mechanism. Attach the 3/8" to the bottom.
- Cut a frame from the 4-1/4" x 5-1/2" panel that you embossed earlier. To get the frame to the size needed, mark 1/2" on all 4 sides and cut the center out - see Frame photo below
- Attach the frame to the little tabs on the flaps. You should be able to "flip" the images at this point.
- Attach the entire flip piece to the card front with liquid glue.
- Attach the remaining white to the inside of the card.
- Attach your sentiment to a scrap strip of the Secret Sea cardstock - I used the back side of the center that was cut out from the frame. The measurement should be around 3/4" x 3"
- Cut a piece of Secret Sea ribbon at about 1-1/2" or so. Fold it in half and attach it to the back of the sentiment with adhesive.
- Attach the sentiment to the bottom of the frame overlapping the flap just a bit. Use Stampin' Dimensionals but put them at the bottom of the cardstock.
- Don't forget to add some little bling to the card with the 2025-2027 In Color Pearls.

Video of this card will posted soon for easier to follow instructions!
