ONE CARD AT A TIME

Stampin' Up! © Quadruple Z Fold Card with Feathered Fun

- Score all your card stock bases at 2-1/8" and 4-1/4"
- Stamp 2 small birds onto a beige Season of Elegance piece with Tuxedo Back. Color them in with Crumb Cake Blends (or you can leave them as they are – very cute either way!)
- Cut the Birds out with 2-1/4" Circe Punch.
- Stamp another bird – second generation onto the corner of the large DSP piece.
- Cut out two 2-3/8" Circes from other colors in the DSP pack and one 2" Circle beige piece and one more 2-1/2" circle from either red or green.
- Stamp your sentiment onto the 2" circle with Pretty Peacock Classic Stampin' Pad.
- Attach all the DSP to the the card bases except one of the 2 x 5-1/4" pieces and the circle sentiment and images to the the larger circles. See the 2nd and 3rd photo above for the layout.
- Fold the card base ad the 1-1/4" strips into a z shape.
- Flatten back out and attach the top and bottom 1-1/4" strips to the just the first panel (long side goes to the right).
- Attach the last two in the middle leaving about 1/8" between them.
- Attach the right side of the strips – last section only – to the card base.
- Cover the blank section you just glued with the remaining 2" DSP strip.
- Cut 4-5" of cold trim and attach it to the back of each "bauble" (sentiment and image circle)
- Attach your sentiment and image to the card front. I used dimensionals on both to pop them up.
- To give the thumb tack look for the trim loops: attach 2 black mini dimensionals onto each other and then to the cardstock making sure the loop is snug around it.
- Attach a Drusy Adhesive Embellishments to the top. Do this for both trim strings.
- Finally add more Drusy Adhesive Embellishment around the card front.
- Don't forget to decorate your envelope.
- ** Optional: you can add a piece of the beige DSP or cardstock to the far right side of the card front to write on. The paper size for that would be 1-3/4" x 5". This would eliminate the 4" x 5-1/4" DSP for the back.
- ENJOY!!
