Measurements for Easter Basket

- Beige Card Base: 4" x 4"

Instructions for Easter Basket:

- Start by punching out the little cut outs from the kit. You will need: Basket, Bunny, group of eggs, lg. & sm. flower, pink flower, leaf and the oval floral cut out.
- Cut a slit in the egg pile around the middle of the eggs with your crafter tip. Slip the bunny into that and add a dimensional to the back popping the bunny off the eggs.
- Grab your bone folder and gently curl the ears and paws of the bunny.
- Attach the eggs and bunny to the back of the basket with liquid glue (glue dots from kit work as well), have the bunny head on the front side of the basket handle.
- Cut a portion of the oval with flowers and leaves.
- Attach all the flowers/leaf to the bottom of the basket, pop some of them with dimensionals.
- Cut one of the beige card base to 4" x 4" and follow the attached template to create the box.
- Attach the box to the back of the basket with liquid glue (or dots).
- Grab a small tag and decorate it with the flowers and some eggs. Stamp Happy Easter to the back with Shy Shamrock ink.
